| MANUFACTURER                     | MPS (Monolithic Power Systems)                                                                   |
| DESCRIPTION                      | IC REG LINEAR POS ADJ 8TQFN                                                                      |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                       |
| DATA SHEET                       |                                                                                                  |
| VOLTAGE DROPOUT (MAX)            | 0.26V @ 500mA (Typ), 0.26V @ 500mA (Typ)                                                         |
| VOLTAGE - OUTPUT (MIN/FIXED)     | 0.9V                                                                                             |
| VOLTAGE - OUTPUT (MAX)           | 3.3V                                                                                             |
| VOLTAGE - INPUT (MAX)            | 5.5V                                                                                             |
| SUPPLIER DEVICE PACKAGE          | 8-TQFN (3x3)                                                                                     |
| SERIES                           | -                                                                                                |
| PROTECTION FEATURES              | Over Temperature, Short Circuit                                                                  |
| PACKAGING                        | Tape & Reel (TR)                                                                                 |
| PACKAGE / CASE                   | 8-WDFN Exposed Pad                                                                               |
| PSRR                             | 60db ~ 51dB (100Hz)                                                                              |
| OUTPUT TYPE                      | Adjustable                                                                                       |
| OUTPUT CONFIGURATION             | Positive                                                                                         |
| OPERATING TEMPERATURE            | -40°C ~ 125°C (TJ)                                                                               |
| NUMBER OF REGULATORS             | 2                                                                                                |
| MOUNTING TYPE                    | Surface Mount                                                                                    |
| MOISTURE SENSITIVITY LEVEL (MSL) | 1 (Unlimited)                                                                                    |
| MANUFACTURER STANDARD LEAD TIME  | 16 Weeks                                                                                         |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                       |
| DETAILED DESCRIPTION             | Linear Voltage Regulator IC Positive Adjustable 2 Output 0.9 V ~ 3.3 V 500mA, 500mA 8-TQFN (3x3) |
| CURRENT - QUIESCENT (IQ)         | 580µA                                                                                            |
| CURRENT - OUTPUT                 | 500mA, 500mA                                                                                     |
| CONTROL FEATURES                 | Enable, Reset                                                                                    |
