| DATA SHEET                       |  <a href="#">LTC4266AIUHF-4#PBF.pdf</a> |
| VOLTAGE - SUPPLY                 | 45 V ~ 57 V                                                                                                                |
| TYPE                             | Controller (PSE)                                                                                                           |
| SUPPLIER DEVICE PACKAGE          | 38-QFN (5x7)                                                                                                               |
| STANDARDS                        | 802.3at (PoE+), 802.3af (PoE), LTPoE++                                                                                     |
| SERIES                           | -                                                                                                                          |
| POWER - MAX                      | 90W                                                                                                                        |
| PACKAGING                        | Tube                                                                                                                       |
| PACKAGE / CASE                   | 38-WFQFN Exposed Pad                                                                                                       |
| OTHER NAMES                      | LTC4266AIUHF4PBF                                                                                                           |
| OPERATING TEMPERATURE            | -40°C ~ 85°C                                                                                                               |
| NUMBER OF CHANNELS               | 4                                                                                                                          |
| MOISTURE SENSITIVITY LEVEL (MSL) | 1 (Unlimited)                                                                                                              |
| MANUFACTURER STANDARD LEAD TIME  | 12 Weeks                                                                                                                   |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                                                 |
| INTERNAL SWITCH(S)               | No                                                                                                                         |
| DETAILED DESCRIPTION             | Power Over Ethernet Controller 4 Channel 802.3at (PoE+), 802.3af (PoE), LTPoE++ 38-QFN (5x7)                               |
| CURRENT - SUPPLY                 | 2.4mA                                                                                                                      |
| BASE PART NUMBER                 | LTC4266                                                                                                                    |
| AUXILIARY SENSE                  | No                                                                                                                         |
