Specifications of MCP73833-NVI/MF

|                                  |                                                                                                                         |
|----------------------------------|-------------------------------------------------------------------------------------------------------------------------|
| PART NUMBER                      | MCP73833-NVI/MF                                                                                                         |
| MANUFACTURER                     | Micrel / Microchip Technology                                                                                           |
| DESCRIPTION                      | IC LI-ION/LI-POLY CTRLR 10DFN                                                                                           |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                                              |
| DATA SHEET                       | <a href="#">1.MCP73833-NVI/MF.pdf</a><br><a href="#">2.MCP73833-NVI/MF.pdf</a><br><a href="#">3.MCP73833-NVI/MF.pdf</a> |
| VOLTAGE - SUPPLY (MAX)           | 6V                                                                                                                      |
| SUPPLIER DEVICE PACKAGE          | 10-DFN (3x3)                                                                                                            |
| SERIES                           | -                                                                                                                       |
| PROGRAMMABLE FEATURES            | Current                                                                                                                 |
| PACKAGING                        | Tube                                                                                                                    |
| PACKAGE / CASE                   | 10-VFDFN Exposed Pad                                                                                                    |
| OPERATING TEMPERATURE            | -40°C ~ 85°C (TA)                                                                                                       |
| NUMBER OF CELLS                  | 1                                                                                                                       |
| MOISTURE SENSITIVITY LEVEL (MSL) | 1 (Unlimited)                                                                                                           |
| MANUFACTURER STANDARD LEAD TIME  | 6 Weeks                                                                                                                 |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                                              |
| INTERFACE                        | -                                                                                                                       |
| FAULT PROTECTION                 | Over Temperature                                                                                                        |
| DETAILED DESCRIPTION             | Charger IC Lithium Ion/Polymer 10-DFN (3x3)                                                                             |
| CURRENT - CHARGING               | Constant - Programmable                                                                                                 |
| CHARGE CURRENT - MAX             | 1.1A                                                                                                                    |
| BATTERY PACK VOLTAGE             | 4.35V                                                                                                                   |
| BATTERY CHEMISTRY                | Lithium Ion/Polymer                                                                                                     |
