| DATA SHEET                       |  MAX5918LEEE+T.pdf |
| VOLTAGE - SUPPLY                 | 1 V ~ 13.2 V                                                                                          |
| TYPE                             | Hot Swap Controller                                                                                   |
| SUPPLIER DEVICE PACKAGE          | 16-QSOP                                                                                               |
| SERIES                           | VariableSpeed/BiLevel™                                                                                |
| PROGRAMMABLE FEATURES            | Circuit Breaker, Current Limit, Fault Timeout, OVP, UVLO                                              |
| PACKAGING                        | Tape & Reel (TR)                                                                                      |
| PACKAGE / CASE                   | 16-SSOP (0.154", 3.90mm Width)                                                                        |
| OPERATING TEMPERATURE            | -40°C ~ 85°C                                                                                          |
| NUMBER OF CHANNELS               | 2                                                                                                     |
| MOUNTING TYPE                    | Surface Mount                                                                                         |
| MOISTURE SENSITIVITY LEVEL (MSL) | 1 (Unlimited)                                                                                         |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                            |
| INTERNAL SWITCH(S)               | No                                                                                                    |
| FEATURES                         | Auto Retry, OVP, UVLO                                                                                 |
| FEATURE PINS                     | ON1, ON2                                                                                              |
| DETAILED DESCRIPTION             | Hot Swap Controller 2 Channel General Purpose 16-QSOP                                                 |
| CURRENT - SUPPLY                 | 1.2mA                                                                                                 |
| CURRENT - OUTPUT (MAX)           | -                                                                                                     |
| BASE PART NUMBER                 | MAX5918                                                                                               |
| APPLICATIONS                     | General Purpose                                                                                       |
