| VOLTAGE - SUPPLY                 | 4.5 V ~ 5.5 V                                                                  |
| TYPE                             | Transceiver                                                                    |
| SUPPLIER DEVICE PACKAGE          | 16-SSOP                                                                        |
| SERIES                           | -                                                                              |
| RECEIVER HYSTERESIS              | 650mV                                                                          |
| PROTOCOL                         | RS232                                                                          |
| PACKAGING                        | Tube                                                                           |
| PACKAGE / CASE                   | 16-SSOP (0.209", 5.30mm Width)                                                 |
| OPERATING TEMPERATURE            | 0°C ~ 70°C                                                                     |
| NUMBER OF DRIVERS/RECEIVERS      | 3/3                                                                            |
| MOUNTING TYPE                    | Surface Mount                                                                  |
| MOISTURE SENSITIVITY LEVEL (MSL) | 1 (Unlimited)                                                                  |
| MANUFACTURER STANDARD LEAD TIME  | 6 Weeks                                                                        |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                     |
| DUPLEX                           | Full                                                                           |
| DETAILED DESCRIPTION             | 3/3 Transceiver Full RS232 16-SSOP                                             |
| DATA RATE                        | 230kbps                                                                        |
