

Omron Automation & Safety

E52-IC20C-6.4

Part Number: E52-IC20C-6.4

Manufacturer/Brand: Omron Automation & Safety

Product description: THERMOCOUPLE J

Datasheets:  E52-IC20C-6.4.pdf

RoHs Status:  Lead free / RoHS Compliant

Ship From: Hong Kong

Shipment Way: DHL/Fedex/TNT/UPS/EMS

REQUEST FOR QUOTATION

Image may be representation. See specifications for product details.

Specifications of E52-IC20C-6.4

|                                  |                                                                                                       |

| DATA SHEET                       |  E52-IC20C-6.4.pdf |
| TERMINAL TYPE                    | Enclosed Terminals                                                                                    |
| TEMPERATURE RANGE                | 0 ~ 1050°C                                                                                            |
| SERIES                           | E52                                                                                                   |
| OTHER NAMES                      | E52IC20C64                                                                                            |
| MOISTURE SENSITIVITY LEVEL (MSL) | 1 (Unlimited)                                                                                         |
| LENGTH - PROTECTIVE TUBE         | 200mm                                                                                                 |
| LENGTH - LEAD WIRE               | -                                                                                                     |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                            |
| ELEMENT TYPE                     | J - Type                                                                                              |
| DIAMETER - PROTECTIVE TUBE       | 6.4mm                                                                                                 |
| DETAILED DESCRIPTION             | J - Type Temperature Sensor 0 ~ 1050°C Non-Grounded Enclosed Terminals                                |
| CONDUCTOR TYPE                   | Non-Grounded                                                                                          |
