| DESCRIPTION                       | IC OPAMP GP 1.2MHZ 16SO                                                                        |
| LEAD FREE STATUS / ROHS STATUS    | Lead free / RoHS Compliant                                                                     |
| DATA SHEET                        |  L2720D.pdf |
| VOLTAGE - SUPPLY, SINGLE/DUAL (±) | 4 V ~ 28 V, ±2 V ~ 14 V                                                                        |
| VOLTAGE - INPUT OFFSET            | 10mV                                                                                           |
| SUPPLIER DEVICE PACKAGE           | 16-SO                                                                                          |
| SLEW RATE                         | 2 V/μs                                                                                         |
| SERIES                            | -                                                                                              |
| PACKAGING                         | Tube                                                                                           |
| PACKAGE / CASE                    | 16-SOIC (0.154", 3.90mm Width)                                                                 |
| OUTPUT TYPE                       | -                                                                                              |
| OPERATING TEMPERATURE             | -                                                                                              |
| NUMBER OF CIRCUITS                | 2                                                                                              |
| MOUNTING TYPE                     | Surface Mount                                                                                  |
| MOISTURE SENSITIVITY LEVEL (MSL)  | 3 (168 Hours)                                                                                  |
| LEAD FREE STATUS / ROHS STATUS    | Lead free / RoHS Compliant                                                                     |
| GAIN BANDWIDTH PRODUCT            | 1.2MHz                                                                                         |
| DETAILED DESCRIPTION              | General Purpose Amplifier 2 Circuit 16-SO                                                      |
| CURRENT - SUPPLY                  | 10mA                                                                                           |
| CURRENT - OUTPUT / CHANNEL        | 1.5A                                                                                           |
| CURRENT - INPUT BIAS              | 200nA                                                                                          |
