

DP-101-M-P

|                     |                                |
|---------------------|--------------------------------|
| Part Number:        | DP-101-M-P                     |
| Manufacturer/Brand: | Panasonic                      |
| Product description | GAS DIGITAL PRESSURE SENSOR    |
| Datasheets:         | <a href="#">DP-101-M-P.pdf</a> |
| RoHs Status         | Lead free / RoHS Compliant     |
| Ship From           | Hong Kong                      |
| Shipment Way        | DHL/Fedex/TNT/UPS/EMS          |

REQUEST FOR QUOTATION

| Specifications of DP-101-M-P     |                                                                                                 |
|----------------------------------|-------------------------------------------------------------------------------------------------|

| MANUFACTURER                     | Panasonic                                                                                       |
| DESCRIPTION                      | GAS DIGITAL PRESSURE SENSOR                                                                     |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                      |
| DATA SHEET                       | <a href="#">DP-101-M-P.pdf</a>                                                                  |
| VOLTAGE - SUPPLY                 | 12 V ~ 24 V                                                                                     |
| TERMINATION STYLE                | Connector                                                                                       |
| SUPPLIER DEVICE PACKAGE          | Module                                                                                          |
| SERIES                           | DP-100                                                                                          |
| PRESSURE TYPE                    | Vented Gauge                                                                                    |
| PORT STYLE                       | Threaded                                                                                        |
| PORT SIZE                        | Female - M5, Male - 1/8" (3.18mm) BSPP                                                          |
| PACKAGE / CASE                   | Module                                                                                          |
| OUTPUT TYPE                      | PNP - Open Collector                                                                            |
| OUTPUT                           | -                                                                                               |
| OTHER NAMES                      | 1110-4133<br>DP-101-M-P-ND<br>Q11293511                                                         |
| OPERATING TEMPERATURE            | -10°C ~ 50°C                                                                                    |
| OPERATING PRESSURE               | ±14.5 PSI (±100 kPa)                                                                            |
| MOISTURE SENSITIVITY LEVEL (MSL) | 1 (Unlimited)                                                                                   |
| MAXIMUM PRESSURE                 | ±72.52 PSI (±500 kPa)                                                                           |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                      |
| FEATURES                         | -                                                                                               |
| DETAILED DESCRIPTION             | Pressure Sensor ±14.5 PSI (±100 kPa) Vented Gauge Female - M5, Male - 1/8" (3.18mm) BSPP Module |
| ACCURACY                         | -                                                                                               |
