| MANUFACTURER                    | STMicroelectronics                                                                                    |
| DESCRIPTION                     | LQFP 100 14X14X1.4                                                                                    |
| LEAD FREE STATUS / ROHS STATUS  |                                                                                                       |
| DATA SHEET                      |  STM32L4S5VIT6.pdf |
| VOLTAGE - SUPPLY (VCC/VDD)      | 1.71 V ~ 3.6 V                                                                                        |
| SPEED                           | 120MHz                                                                                                |
| SERIES                          | STM32L4S                                                                                              |
| RAM SIZE                        | 640K x 8                                                                                              |
| PROGRAM MEMORY TYPE             | FLASH                                                                                                 |
| PROGRAM MEMORY SIZE             | 2MB (2M x 8)                                                                                          |
| PERIPHERALS                     | Brown-out Detect/Reset, DMA, POR, PWM, WDT                                                            |
| OSCILLATOR TYPE                 | Internal                                                                                              |
| OPERATING TEMPERATURE           | -40°C ~ 85°C (TA)                                                                                     |
| NUMBER OF I/O                   | 83                                                                                                    |
| MANUFACTURER STANDARD LEAD TIME | 12 Weeks                                                                                              |
| EEPROM SIZE                     | -                                                                                                     |
| DETAILED DESCRIPTION            | ARM® Cortex®-M4 STM32L4S Microcontroller IC 32-Bit 120MHz 2MB (2M x 8) FLASH                          |
| DATA CONVERTERS                 | A/D 16x12b, D/A 2x12b                                                                                 |
| CORE SIZE                       | 32-Bit                                                                                                |
| CORE PROCESSOR                  | ARM® Cortex®-M4                                                                                       |
| CONNECTIVITY                    | CANbus, EBI/EMI, I²C, IrDA, LINbus, MMC/SD, SAI, SPI, UART/USART, USB OTG                             |
