| VOLTAGE - SUPPLY                 | 9 V ~ 32 V                                                                                     |
| TERMINATION STYLE                | Connector                                                                                      |
| SUPPLIER DEVICE PACKAGE          | -                                                                                              |
| SERIES                           | IPSU                                                                                           |
| PRESSURE TYPE                    | Vented Gauge                                                                                   |
| PORT STYLE                       | Threaded                                                                                       |
| PORT SIZE                        | Male - 1/4" (6.35mm) NPT                                                                       |
| PACKAGE / CASE                   | Cylinder                                                                                       |
| OUTPUT TYPE                      | Analog Current                                                                                 |
| OUTPUT                           | 4 mA ~ 20 mA                                                                                   |
| OPERATING TEMPERATURE            | -20°C ~ 80°C                                                                                   |
| OPERATING PRESSURE               | 14.5 PSI (100 kPa)                                                                             |
| MOISTURE SENSITIVITY LEVEL (MSL) | 1 (Unlimited)                                                                                  |
| MAXIMUM PRESSURE                 | -                                                                                              |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                     |
| FEATURES                         | Amplified Output, Temperature Compensated                                                      |
| DETAILED DESCRIPTION             | Pressure Sensor 14.5 PSI (100 kPa) Vented Gauge Male - 1/4" (6.35mm) NPT 4 mA ~ 20 mA Cylinder |
| ACCURACY                         | ±0.25%                                                                                         |
