| MANUFACTURER                     | Maxim Integrated                                                           |
| DESCRIPTION                      | IC HOT-SWAP CTRLR -48V 8-SOIC                                              |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                 |
| DATA SHEET                       | <a href="#">1.MAX5939EESA+T.pdf</a><br><a href="#">2.MAX5939EESA+T.pdf</a> |
| VOLTAGE - SUPPLY                 | -80 V ~ -20 V                                                              |
| TYPE                             | Hot Swap Controller                                                        |
| SUPPLIER DEVICE PACKAGE          | 8-SOIC                                                                     |
| SERIES                           | -                                                                          |
| PROGRAMMABLE FEATURES            | Circuit Breaker, Current Limit, OVP, UVLO                                  |
| PACKAGING                        | Tape & Reel (TR)                                                           |
| PACKAGE / CASE                   | 8-SOIC (0.154", 3.90mm Width)                                              |
| OPERATING TEMPERATURE            | -40°C ~ 85°C                                                               |
| NUMBER OF CHANNELS               | 1                                                                          |
| MOUNTING TYPE                    | Surface Mount                                                              |
| MOISTURE SENSITIVITY LEVEL (MSL) | 1 (Unlimited)                                                              |
| MANUFACTURER STANDARD LEAD TIME  | 6 Weeks                                                                    |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                 |
| INTERNAL SWITCH(S)               | No                                                                         |
| FEATURES                         | Fault Timeout, Latched Fault, Thermal Limit                                |
| FEATURE PINS                     | OV, /PWRGD, UV                                                             |
| DETAILED DESCRIPTION             | Hot Swap Controller 1 Channel -48V 8-SOIC                                  |
| CURRENT - SUPPLY                 | 700μA                                                                      |
| CURRENT - OUTPUT (MAX)           | -                                                                          |
| BASE PART NUMBER                 | MAX5939                                                                    |
| APPLICATIONS                     | -48V                                                                       |
