

SSI Technologies, Inc.

Part Number:P51-3000-S-AD-M12-5V-000-000

Manufacturer/Brand:SSI Technologies, Inc.

Product description:SENSOR 3000PSIS 7/16 UNF 5V

Datasheets: [P51-3000-S-AD-M12-5V-000-000.pdf](#)

RoHs Status: Lead free / RoHS Compliant

Ship From:Hong Kong

Shipment Way:DHL/Fedex/TNT/UPS/EMS

REQUEST FOR QUOTATION

Specifications of P51-3000-S-AD-M12-5V-000-000

|                                 |                                                                                                                                      |

| DATA SHEET                      |  <a href="#">P51-3000-S-AD-M12-5V-000-000.pdf</a> |
| VOLTAGE - SUPPLY                | 8 V ~ 30 V                                                                                                                           |
| TERMINATION STYLE               | M12, 4 Pin                                                                                                                           |
| SUPPLIER DEVICE PACKAGE         | -                                                                                                                                    |
| SERIES                          | MediaSensor™                                                                                                                         |
| PRESSURE TYPE                   | Sealed Gauge                                                                                                                         |
| PORT STYLE                      | Threaded                                                                                                                             |
| PORT SIZE                       | Male - 7/16" (11.11mm) UNF                                                                                                           |
| PACKAGE / CASE                  | Cylinder                                                                                                                             |
| OUTPUT TYPE                     | Analog Voltage                                                                                                                       |
| OUTPUT                          | 1 V ~ 5 V                                                                                                                            |
| OTHER NAMES                     | P51-3000-S-AD-M12-5V<br>P51-3000-S-AD-M12-5V-ND                                                                                      |
| OPERATING TEMPERATURE           | -40°C ~ 105°C                                                                                                                        |
| OPERATING PRESSURE              | 3000 PSI (20684.27 kPa)                                                                                                              |
| MAXIMUM PRESSURE                | -                                                                                                                                    |
| MANUFACTURER STANDARD LEAD TIME | 7 Weeks                                                                                                                              |
| LEAD FREE STATUS / ROHS STATUS  | Lead free / RoHS Compliant                                                                                                           |
| FEATURES                        | Amplified Output, Temperature Compensated                                                                                            |
| DETAILED DESCRIPTION            | Pressure Sensor 3000 PSI (20684.27 kPa) Sealed Gauge Male - 7/16" (11.11mm) UNF 1 V ~ 5 V Cylinder                                   |
| ACCURACY                        | ±0.5%                                                                                                                                |
