| DATA SHEET                       |  <a href="#">LTC1647-2IS8#TRPBF.pdf</a> |
| VOLTAGE - SUPPLY                 | 2.7 V ~ 16.5 V                                                                                                             |
| TYPE                             | Hot Swap Controller                                                                                                        |
| SUPPLIER DEVICE PACKAGE          | 8-SOIC                                                                                                                     |
| SERIES                           | -                                                                                                                          |
| PROGRAMMABLE FEATURES            | Circuit Breaker, Fault Timeout, Slew Rate                                                                                  |
| PACKAGING                        | Tape & Reel (TR)                                                                                                           |
| PACKAGE / CASE                   | 8-SOIC (0.154", 3.90mm Width)                                                                                              |
| OPERATING TEMPERATURE            | -40°C ~ 85°C                                                                                                               |
| NUMBER OF CHANNELS               | 2                                                                                                                          |
| MOUNTING TYPE                    | Surface Mount                                                                                                              |
| MOISTURE SENSITIVITY LEVEL (MSL) | 1 (Unlimited)                                                                                                              |
| MANUFACTURER STANDARD LEAD TIME  | 8 Weeks                                                                                                                    |
| LEAD FREE STATUS / ROHS STATUS   | Lead free / RoHS Compliant                                                                                                 |
| INTERNAL SWITCH(S)               | No                                                                                                                         |
| FEATURES                         | Auto Retry, UVLO                                                                                                           |
| FEATURE PINS                     | (ON1, /FAULT1), (ON2, /FAULT2)                                                                                             |
| DETAILED DESCRIPTION             | Hot Swap Controller 2 Channel General Purpose 8-SOIC                                                                       |
| CURRENT - SUPPLY                 | 1mA                                                                                                                        |
| CURRENT - OUTPUT (MAX)           | -                                                                                                                          |
| BASE PART NUMBER                 | LTC1647                                                                                                                    |
| APPLICATIONS                     | General Purpose                                                                                                            |
